

Coursework Requirements

Digital Signal Processing (DSP)

Lecturer: [Zhiliang Liu](#)

Updated: 3/18/2019

1. General requirements

- Finish coursework by yourself.
- Submit coursework before released deadline. *Submission after the deadline is not allowed.*

2. How to submit

- Submit your hard copy homework to the 学习委员 in your class. After all homework are collected, please pass them to our TA.
- For the M codes and figures generated from MATLAB, please also use print-out version.

3. How to evaluate

- About 6 times of coursework in this semester, and the marks corresponds to 7 levels: A+(100), A (90-99), B(80-89), C(70-79), D(60-69), E(60-), F(0, no submission).
- Creative work is fully encouraged if you want to get a higher score, e.g. short inclusion on what impressed you and anything else about learning this course.
- Good report layout is always very important.
- Cheating behaviors, e.g. copy from other students, will be punished seriously, more than getting a “ZERO”. *If Student A and Student B have the same report, both of them get zero mark.*

4. How to question the evaluation on your coursework

- Send a email that includes all the details to my email address: Zhiliang_Liu@uestc.edu.cn

Feel free to contact the TA by the following information if you have any questions or suggestions!

TA for Classes 2016200301 and 2016200302

Name: Mr Jianshuo XIA (夏简硕)

Office: Room 311, 科研楼 A (基础实验大楼)

QQ: 449661303

Email: jianshuo_xia@foxmail.com

TA for Classes 2016200104, 2016200105, and 2016200106

Names: Miss Wenjun SUN (孙文君) and Yuting ZHONG (钟宇婷)

Office: Room 315B, 科研楼 A (基础实验大楼)

QQ: 443678560 and 964171536

Email: wenjun_sun1019@qq.com and 964171536@qq.com
